Attorney for City of Sea Isle City Planning Board

City of Sea Isle City Planning Board

Sea Isle Planning Board 2020 - 06 - 04

APPLICATION OF: Frank Edwardi

PROPERTY: Block: 40.05 Lots: 29, 30 & 31
336 40th Street

WHEREAS, Frank Edwardi, is the owner of referenced property and same is designated on the Tax Map of the City of Sea Isle City; and

WHEREAS, Frank Edwardi, is the Applicant; and

WHEREAS, the Applicant was represented F. Thomas Hillegass, Esq.; and

WHEREAS, Plan of Minor Subdivision was submitted by George Swenson, PLS 3/17/20 5/18/20, Block 40.05, Lots 29, 30 & 31; and

WHEREAS, Carmen J. LaRosa, RA, PP and Frank Edwardi testified on behalf of the Applicant; and

WHEREAS, the Applicant has filed a complete application with the City of Sea Isle City Planning Board seeking to subdivide the overall parcel into two (2) separate parcels which will have identical lot areas and lot dimensions; and

WHEREAS, each parcel would have thirty-seven point five (37.5') foot of frontage on 40th Street and a lot depth of one hundred ten (110') feet and each lot would have a lot area of

four thousand one hundred twenty-five (4,125 sq.ft.) square feet; and

WHEREAS, the property is located in the R-2 Two-Family Residential District and is currently oversized; and

WHEREAS, the Board has considered the plan submitted and the testimony of the applicant and it makes the following findings of fact:

Each parcel shall have thirty-seven point five (37.5') foot of frontage on 40th Street and a lot depth of one hundred ten (110') feet and each lot shall have a lot area of four thousand one hundred twenty-five (4,125 sq.ft.) square feet.

The application requires minor subdivision approval with variances.

The Applicant requires the following variances for each lot:

1. Min. Lot Area 5,000 sq.ft. is required and 4,125 sq.ft. proposed.
2. Min. Lot Width 50 ft. is required and 37.5 ft. proposed.

The Applicant removed the request for the side yard setbacks and has agreed to maintain side yards at 7.5 feet for each Lot.

The Applicant agreed to deed restrict the two lots for single family dwelling use only.

The subdivision of the lot will advance air, light and open space by permitting two buildings with space between each other as opposed to one larger building.

The Applicant agreed to use John Hardy Fire Rated Siding or similar product on each building.

The subdivision will improve the safety of the neighboring dwelling by the required use of John Hardy Fire Rated Siding or similar product.

The area is zoned residential and single-family dwellings are permitted.

WHEREAS, a member of the public commented as follows: Marlene Denber @ 323-B

JFK Blvd. in regards to some confusion regarding the sub-division and exactly how many lots and structures there will actually be and what kind of parking will be created and the number of stories and height of the buildings; and

WHEREAS, the Board having considered the testimony and evidence presented made the following conclusions of law:

The applicant had established the C(2) basis under the Municipal Land Use Law for the granting of the variances requested because 1.) the building of two single family dwellings and the 7.5 ft of side yard setbacks for each subdivided lot provides for more air, light and open space 2) the use of John Hardy Fire Rated Siding or similar product will advance protection from fire to the neighboring properties and 3) in lieu of one large two unit dwelling, the single family dwellings will look less massive.

The variances could be granted for the above reasons and could be granted without substantial detriment to the public good in light of the fact that the neighborhood is residential in nature and the positive criteria outweigh any negative criteria.

The granting of the variances to allow the departures will not substantially impair the intent and the purpose of the zone plan and zoning ordinance since the balancing of the positive criteria outweigh the negative criteria. Here, residential use is permitted and the intent and purposes set forth above under the C(2) criteria do not substantial impair the purpose of the zone plan and zoning ordinance.

The Applicant satisfied the criteria for a Minor Subdivision approval.

NOW, THEREFORE, BE IT RESOLVED by the City of Sea Isle City Planning Board at its meeting on June 8, 2020, that the stated variances are approved and that the Applicant met

Page 4 of 5

the standard for minor subdivision approval and for the variance approvals. Mr. Greco made the motion and Mr. McCusker second the Motion. The Motion passed.

Further conditioned that there be no deviation in the design, construction material or building elevations from that which was presented to the Board as a part of the application other than minor changes as determined after the review of the Zoning Officer.

Further conditioned that no subsequent additions, alterations or changes can be made without further review by the Board.

Further conditioned that the Applicant will provide cost estimates for the on-site improvements in the event the Board Engineer deems same appropriate as well as providing adequate performance guarantees.

Further conditioned that the Applicant provide seventy-two hour notice to the Board Engineer for all inspections.

Further conditioned upon any conditions in the Engineering and Planning report by Andrew A. Previti, P.E., of the firm of Maser Consulting PA, dated May 26, 2020 being complied with but not further contained herein and to specifically include a new sanitary sewer service and a new water supply service for proposed lot 29 as required by the DPW, the utility extension to this proposed subdivision shall be coordinated with the Department of Public Works, all existing improvements are to be removed before seeking permits or a bond must be posted with the City guaranteeing removal of the structure.

A condition of approval shall be the filing of this Minor Subdivision Plan.

Water runoff shall be directed to the curb and not the sidewalk, and the recording of a restrictive deed for single family dwellings only.

Further conditioned upon agreement by the Applicant to specific items not contained

within this Decision and Resolution, but which were otherwise set forth in the record of the hearing, which are incorporated herein by reference though not set forth at length herein.

The Applicant shall comply with all provisions of the City of Sea Isle City Planning Board and Land Development Ordinance and any and all Municipal, County, State and/or Federal Laws or Regulations relating or applicable to the proposed project.
